It starts from the Top: We are the Top

First-year experience programming has been a staple at many Universities to kick-start their student involvement, keep them happy within their first few weeks and provide students with a smooth transition.

The key to having a successful first-year experience programming in MUA is keeping in mind students' diverse needs and expectations. That is the sole reason behind the May 2019's

orientation programme, which took place on 3rd May 2019 at MUA, Soth C Grounds.

MUA pledges to be your partner in your quest to reach your academic and personal goals and will support you every step of the way. For the students returning to MUA, the University is glad to have your back as you continue with your journey to the graduation stage. Supporting you is central to our mission at MUA, as you become the best version of yourself.

International Women's Day

Collectively achieving a gender-equal world requires social innovations that work for both women and men, that is why MUA is in support of this year's International Women's Day theme, *'Think Equal, Build Smart, Innovate for Change'*, and would in this view like to wish all women a Happy '8th of March 2019'.

Happy Mothers' Day

Mother's Day is a celebration honoring the mother of the family, as well as motherhood, maternal bonds, and the influence of mothers in society. MUA would like to wish all mothers an entirely happy '12th of May 2019'.
